

But here is all the info on 60"x 35" mirror ordered. It can be mounted vertical, and the button on mirror will switch between 3 color temps (3000K/4400K/6500K). Touching and holding the button will dim the mirror down / up. The mirrors can also be preset and just controlled by a switch so customers are changing it constantly.

Mirror Side

Back Metal Frame

Size (W x H)	Power Supply (Voltage, Wattage)	Total LED watts	LED Lumens	Anti-fog pad size	Dimmer Function
